ARMORY WEEK 2016

## A TOUR OF THE SPRING/BREAK ART FAIR

BY *Maximiliano Durón* POSTED 03/03/16 12:37 PM

The Spring/Break Art Show has returned to New York for its fifth year, taking over the third and fourth floors of the Skylight at Moynihan Station near Penn Station. The fair differs from most Armory Week standbys in that curators, not dealers, select the work on view. The exhibition is a long and exhilarating journey chock-full of surprises and humor, with each of the exhibitors taking on this year's theme: "COPYPASTE."
